Tapestry needle

### **GAUGE**

Square Motif (top row) = 3½" across after steaming  
TO SAVE TIME, TAKE TIME TO CHECK GAUGE

### **NOTE**

We suggest that you steam each motif as you work it. This makes it easier to see all the loops when you are joining motifs together. When working Medallion Frames (these join medallions to square motifs), it is easier to work with pieces on a flat surface. Be careful not to twist motifs and medallions as you are joining them.
